FOR IMMEDIATE RELEASE:

BE IN LOVE DESIGNS.COM ANNOUNCES OFFICIAL LAUNCH OF WEDDING INVITATION WEBSITE

Scottsdale, AZ, January 19, 2009 – Wedding invitation company Be In Love Designs is announcing the release of their website BeInLoveDesigns.com. The site caters to the “customized bride” by giving several options for building the perfect wedding invitation online but does not sacrifice convenience for great design.

Be In Love Designs is owned by Erin Burkhard, a graphic Designer who decided to take her love for weddings and use her creativity in design to take it the next level. “When planning my own wedding, I noticed that most invitations looked the same - boring. Since your invitation is the first impression your guests will have about your wedding, wouldn’t you like it to reflect more like your personality? That’s why I designed our invitations to be young, bold, and fresh, in order to create excitement about your big day.” (Erin Burkhard, CEO)

Along with using Marsupial Papers and Pouches, Be In Love Designs created Custom Cutouts™, or designs cut from paper that are personalized with names, initials and / or wedding dates. This adds an extra “wow” factor to the front of any invitation. With over 48 paper colors, 31 ink colors, and several invitation styles including flat cards and pockets, the possibilities are endless.
